ROSES.

We specialize in roses and grow the best standard varieties as well as the latest novelties of American and European hybridizers.

Our budded field-grown stock is far superior to the weak own-root plants grown under glass and offered cheaper. We propagate only first class varieties, suited to Humboldt conditions. All will give perfect bloom first season planted. Good time to plant roses in Humboldt is early fall after the first rains.

Novelty.

Mme. Edouard Herriot, the Daily Mail Rose, winner of the London Daily Mail Gold Cup, May, 1912. Gold Medal National Rose Society of England, May 1st, 1913. A very beautiful and unique flower. Buds coral red, shaded with yellow at the base, the open flower of medium size, semi-double are of a superb coral-red, shaded with yellow and bright rosy-scarlet, passing to a shrimp red. "Like sunshine on a copper—red metal." 75c each; \$6.00 per 10.

**New and Scarce Varieties, 50c each;
\$4.00 per 10.**

Chateau De Clos Vougeot—

Rich scarlet, shaded fiery red, changing to dark, velvety crimson; one of the finest high-colored roses in existence.

Duchess of Westminster—

Clear rose madder, very sweetly perfumed.

Florence Haswell Veitch—

Brilliant scarlet, shaded black, very free bloomer, fragrant. Splendid rose with us.

George Dickson—

A vigorous grower, with thick, leathery foliage and blooms of imperious size, contour, color and rare perfume.

Velvety black, scarlet, crimson, with brilliant scarlet reflected tips and uniquely pure crimson maroon veinings on the reverse. A magnificent high-colored exhibition rose.

Killarney Brilliant—

A sport from the original Killarney, more intense and rich in coloring. Also more petals.

Irish Fireflame—

Single in clusters, deep orange, splashed with crimson. Beautiful in bud.

Luise Lilia—

A charming semi-double garden rose of intense blood-red color, the most free bloomer and most fragrant rose we know.

Lady Hillingdon—

As yellow as the California poppy, very free flowering, long pointed buds, tea scented, very fine.

Lady Pirrie—

Out side of petals coppery, reddish salmon, apricot yellow, flushed fawn, and copper on the inside. Not a very double flower, but an excellent bedding rose.

Mary, Countess of Ilchester—

Crimson carmine, delightfully scented.

Mevrouw Dora Van Tets—

Gold medal at Bagatelle Gardens in Paris, 1914, for best foreign rose shown, also a gold medal of the Holland National Rose Society; glowing deep crimson, moderately full, always in bloom.

Madame Edmond Rostand—

Color, pale flesh, shaded with salmon and reddish yellow in center, large, full, globular flowers.

Madame P. Euler—

Vermillion silvery pink, full and very fragrant; sold in San Francisco under the name of Prima Donna.

Melody—

Deep saffron yellow, with primrose edges, fine foliage; immune to mildew; one of the finest yellow.

Marquis de Sinety—

Buds rich yellow ochre, suffused with carmine, the expanded flower a rich golden yellow or Roman ochre, shaded with bright rosy red. Delightfully fragrant.

Radiance—

Deep cerice pink in color and very productive; one of the finest outdoor American varieties grown.

Rayon d' Or—

Yellow carmine, attractive, bronzy-green foliage.

Sunburst—

Cadmium yellow, with yellow orange center color outdoors; most splendid in fall.

Willowmere—

A magnificent new rose in color a rich shrimp pink, toning to carmine pink towards the edges. Beautiful coral-red buds carried on fine stems and open into large full flowers. "A decided improvement on the popular 'Lyon' Rose which it much resembles."
